To the Board of Directors:

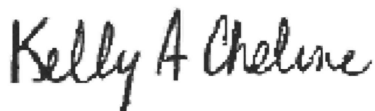

We have compiled the accompanying balance sheet of Galva Public Library District as of February 28, 2026, and the related statements of income and retained earnings for the period then ended under the Tax Accounting Principles of the Internal Revenue Code, Rules and Regulations, and applied with the standards set forth by the National Society of Public Accountants.

Our preparation is limited to presenting in the form of financial statements information that is the representation of management. We have compiled and reviewed the information but our preparation was substantially less in scope than in preparation in full conformity with the Tax Accounting Principles of the Internal Revenue Code, Rules and Regulation. We have performed compilation engagements in accordance with statements on standards for Accounting and Review services promulgated by the Accounting and Review Services of the AICPA. We have not audited or reviewed the accompanying financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management, and, accordingly, do not express an opinion or any other form of assurance on them.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Based on our analysis, we are not aware of any material modifications that should be made to the accompanying financial statements in order for the statements to be in conformity with the Tax Accounting Principles of the Internal Revenue Code, Rules and Regulations.

Respectfully,
